To: fellows@science-corps.org

Name

ismail yesir

Gender

Male

Nationality

Turkey

Emailismail.yesir@bison.howard.edu**When did or will you finish your PhD?**

I will start next spring semester to my Ph.D.

City, state, and country of residence

Vienna, Virginia, U.S.

University education

Master's Degree, Human-Computer interaction especially Augmented Reality Games in Education, Howard University Computer Science, December 2020.
Undergraduate, Computer Teaching, Kocaeli University Technical Education Faculty, June 2020

What are your reasons for applying to be a Science Corps Fellow? (max. 200 words)

I have been a Computer Teacher. Also, I am interested in Educational materials and developing new generation material. Additionally, my research area is game technologies for education. Because of that, this fellowship will give me more opportunities to focus on my research and interest subjects. I am still doing my master thesis. However, I am planning to do my Ph.D.

In addition to your studies, describe any relevant experiences that have prepared you for a Science Corps fellowship (max. 200 words)

My study is an educational software to improve the sense of belonging that students at HBCUs have difficulties and to increase their knowledge of Computer science, and to increase the concept of belonging in the Computer Science community, which is the side effect of imposter syndrome. I developed a game using Augmented Reality technology.

Where do you imagine yourself professionally in the future? Check all that apply.

Other

If other, please specify.

I will be an high-level officer in The Turkish Ministry of Education Department.

Expand on your selection above and describe where you imagine yourself professionally in the near (2 year) and long-term (10 year) future (max. 200 words)

I am in my Ph.D. studies. in the future, I want to go back to my country, Turkey, and I will continue my projects and studies on my country.

Any extra comment or message.

Even if I may not be eligible for this fellowship, it is my pleasure to be an internship in this organization because I am an interdisciplinary person. I am personally interested in Chemistry, Maths, and Biology.
