

Anjali Mahilkar

PhD Student, Department of Chemical Engineering
Indian Institute of Technology Bombay
Powai, Mumbai, Maharashtra – 400 076

Email: anjali.mahilkar@gmail.com
Phone: +91-7828606708

Education

- PhD, Chemical Engineering* 2017 - date
Indian Institute of Technology Bombay
- M. Tech., Biological Sciences and Bioengineering* 2014
Indian Institute of Technology Kanpur
- B. Tech., Biotechnology* 2012
National Institute of Technology Raipur

Work Experience

- Teaching Assistant (IIT Bombay & NPTEL) January 2021- date & July-September 2017
Course Title: Evolutionary Dynamics
- Assistant Professor (Guru Ghasidas Central University, Chhattisgarh) February - July 2016
Courses Taught: (a) Molecular Biology, (b) Bioinformatics, (c) Biostatistics
- Research Fellow (Dr. Reddy's Institute of Life Sciences, Hyderabad) 2015-2016

Publications

- Mahilkar, A., Mall, A., Saini, S., Predicting experimental designs leading to rewiring of regulatory networks and evolution of anticipatory regulation in bacteria. *In Review*. (preprint at biorxiv) (2020) doi: 10.1101/2020.08.20.259606.
- Medishetti, R., Rani, R.V., Kavati, S., Mahilkar, A., Saxena, U., Akella, V., Kulkarni, P., Sevilimedu, A. A DNAzyme based knockdown model for Fragile-X syndrome in Zebrafish reveals acritical window for therapeutic intervention. *Journal of Pharmacological and Toxicological Methods*. (2019) doi: 10.1016/j.vascn.2019.106656.
- Gupta, P., Parkhey, P., Joshi, K., Mahilkar, A., Design of a microbial fuel cell and its transition to microbial electrolytic cell for hydrogen production by electrohydrogenesis. *Indian Journal of Experimental Biology* 51, 860-865 (2013).
- Gupta, P., Parkhey, P., Joshi, K., Mahilkar, A., Bhatia, J.K., Meena, L.N. Enriched Exo-electron Generating Bacteria from Environmental Samples. *Asian Journal of Biotechnology* 4,137-142 (2012).

Schools Attended

- Fourth Bangalore School on Population Genetics and Evolution January 27- February 07, 2020
International Centre for Theoretical Sciences, Bangalore
- Third Bangalore School on Population Genetics and Evolution March 05- 17, 2020
International Centre for Theoretical Sciences, Bangalore

Presentations at Conferences

- Oral presentation on “Phenomenological study in speciation using yeast as a model organism.”
The 1st International BioDesign Research Conference December 2020
- Poster presentation on “Laboratory demonstration of allopatric speciation in *Saccharomyces cerevisiae*”.
Discussion Meeting on Conflict and Cooperation in Cellular Populations February 2020
National Centre for Biological Sciences, Bangalore
- Oral presentation on “Laboratory demonstration of allopatric speciation in *Saccharomyces cerevisiae*”.
XI International Conference on Biology of Yeasts and Filamentous Fungi November 2019
University of Hyderabad, Hyderabad

4. Poster presentation on “Understanding the rules of anticipatory adaptive regulation in bacteria”.

Third Bangalore School on Population Genetics and Evolution

March 2018

International Centre for Theoretical Sciences, Bangalore

Awards & Recognitions

1. Best Oral Presentation, Research Scholars’ Symposium, Department of Chemical Engineering Department, IIT Bombay. (**March 2020**).
2. Junior Research Fellowship from Council of Scientific Industrial Research, India and secured All India Rank 125 (**June 2015**).
3. Secured All India Rank 193 in GATE (Graduate Aptitude Test for Engineers) and received scholarship from Ministry of Human Resource Development for pursuing M. Tech. (**2012 – 2014**).

Extra Curriculars

1. Coordinator, Annual Meeting, Biological Engineering Society (India) held at IIT Bombay, October 2018.
2. Manager, Research Scholars’ Confluence and Alumni Meet, IIT Bombay, March 2017.
