What are your reasons for applying to be a Science Corps Fellow? (max. 200 words)

I am passionate about science and teaching. I have had the opportunity to teach during my PhD and mentor other students. Now, i would like to expand and acquire more teaching experience

In addition to your studies, describe any relevant experiences that have prepared you for a Science Corps fellowship (max. 200 words)

I have taught 150 hours at the University of Zurich as a teaching assistant both in par with the Professor (Animal behavior) but also independently with 15 students (Biochemistry practicals). Before, I have also given private lessons during my Bachelor studies.

Where do you imagine yourself professionally in the future? Check all that apply.

Academic scientist in academia
Doing science in industry
In science education
In science outreach
As far as possible from science/education

Expand on your selection above and describe where you imagine yourself professionally in the near (2 year) and long-term (10 year) future (max. 200 words)

In the next few years I see myself doing a postdoc. In the future I would like to open my own lab and continue teaching. If scientific career does not work out, my best alternative is teaching.
