

Ana María González Ángel

Address: 207 Amblerwood way, State College, PA, 16803, USA

Telephone: (+1) 814-880-3529

E-mail: anagonzangel@gmail.com and amg449@psu.edu

EDUCATION

Doctor of Philosophy

The Pennsylvania State University, State College, PA, USA

Biology, 2019

“Genomic and transcriptomic insights on the *Orbicella* species complex”

Master of Science

Nova Southeastern University, Fort Lauderdale, FL, USA

Marine Biology, 2013

“*Porites astreoides* larval response to acute salinity stress”

Bachelor of Science

Universidad de los Andes, Bogotá, Colombia

Biology, 2009

“Evaluación de la red colonial de *Pacifigorgia* spp. (Octocorallia: Cnidaria) mediante
Análisis de Fourier”

INTERESTS

I am generally interested in (coral) reproduction, evolution and ecology. In addition to working in science, during my doctoral studies I discovered a vocation for science education, communication and outreach.

SKILLS

As a trained scientist I have research skills such as **critical thinking**, **problem solving**, and **written communication**. **Oral communication**, **leadership** and **teamwork** skills were useful in the completion of projects requiring many partners such as field expeditions and other collaborative efforts.

TEACHING

- Teaching Assistant for BIO893 Experiential Teaching in Biology, Department of Biology, The Pennsylvania State University. Fall of 2020.
- Senior Teaching Assistant for BIO110 Biology: Basic Concepts and Biodiversity, Department of Biology, The Pennsylvania State University. Fall of 2019.
- Teaching Assistant for BIO110 Biology: Basic Concepts and Biodiversity, Department of Biology, The Pennsylvania State University. Falls of 2015, 2017, 2018, and spring 2019, and fall 2020
- Teaching Assistant for BIO499: Tropical Field Ecology, Department of Biology, The Pennsylvania State University. Springs of 2015, 2016, 2017.

- Instructor of the Massive Open Online Course entitled “Ciencias atmosféricas y de la tierra: energía en los océanos vivos” hosted by Clubes de Ciencia, Mexico 2017 and 2018. (Visit this link to watch the course’s introduction in Spanish with English subtitles:
<https://www.youtube.com/watch?v=B4ll4HGRnXk>)
- Instructor of the science club course “Descubriendo el mar y sus tesoros: ecología y evolución” hosted by Clubes de Ciencia, Colombia, 2017, Riohacha, Colombia 26-30 June 2017.
- Instructor at the Bridge to PhD program with the Medina Lab, Department of Biology, The Pennsylvania State University, June 2017 and June 2018.
- Grader for SC200: Science in Our World: Certainty and Controversy, Department of Biology, The Pennsylvania State University. Fall 2016.
- Teaching Assistant for the Marine Geology class, Nova Southeastern University, Spring 2012 and 2013.
- Teaching Assistant of the Biodiversity, Conservation and Development class, Universidad de los Andes, Bogotá, Fall 2007.
- Tutor of Biology and Chemistry at t&t Teaching and Tutoring College of Colombia, Bogotá, Colombia, 2004 – 2007.

- **González, A.M.**, Prada C.A., Ávila V., Medina M. (2018) Ecological Speciation in Corals. In: . Population Genomics. Springer, Cham. This publication is available here:
https://link.springer.com/chapter/10.1007/13836_2018_35
- Kamel, B., Avila, V., Ohdera, A., **González, A.M.**, Diaz, E., Closek, C., Prada, C., Pollock, J., Ardell, D., Belmonte, A., Briggs, K., Capo, T.R., Coykendall, D., Galindo-Martinez, C.T., Gillete, P., Elizabeth, G., Grimwood, J., Grigoriev, I., Jegla, T., Klueter, A., Lawrence, T.J., Morrison, C.L., Mydlardz, L.D., Pinzón, J., Schmutz, J., Levitan, D.R., Weber, M., Iglesias-Prieto, R., Knowlton, N., Coffroth, M.A., Kitano, H., Woodley, C., and Medina, M. (2019). Microbes stabilize coral-algal symbiosis. *Science Advances* (In revision)
- **González, A. M.**, Zhang, B., Sebastian, A., Prada, C., Levy, O., Levitan, D., Knowlton, N., Albert, I., Medina, M. Reproducing with your kind: the story of temporal prezygotic isolation in *Orbicella* corals. (In prep).
- **González, A. M.**, Medina M. Gene ontology enrichment in *Orbicella* corals. (In prep).

RESEARCH POSITIONS

- Summer Intern and Link Foundation Fellow at Harbor Branch Oceanographic Institute (Florida Atlantic University), Fort Pierce, FL, May-July 2012.
- Junior Researcher at Colciencias, Biological Sea Sciences-National Sea Science and Technology Program, Bogotá, Colombia, December 2009-December 2010.

PROFESSIONAL CONFERENCES

- Presenter at the 2018 Three Rivers Evolution Event (TREE) University of Pittsburgh, Pittsburgh, PA, September 2018. Poster entitled: “Gene family evolution in the Caribbean species *Orbicella* spp”, authors: **Ana M. Gonzalez**, Viridiana Avila, Mónica Medina
- Presenter at the 2018 Marine Evolution conference, University of Gothenburg, Stromstad, Sweden, May 2018. Poster entitled: “Reproducing with your kind: the story of temporal

prezygotic isolation in *Orbicella* corals”, authors: **Ana M. González**, Aswathy Sebastian, Carlos Prada, Don Levitan, Nancy Knowlton, Istvan Albert, Mónica Medina

- Presenter at the Bioinformatics and Genomics Retreat, Department of Biology, Pennsylvania State University, State College, PA, USA. September 2017. Poster entitled: “Reproduce with your kind: the story of -Orbicella- corals”, authors: **Ana González**, Carlos Prada, Mónica Medina.
- Presenter at the 45th Benthic Ecology Meeting, March 2016, Portland, ME, USA. Oral presentation entitled: “Genomics of prezygotic isolation in Caribbean corals”, authors: **Ana González**, Mónica Medina, Don Levitan, Nancy Knowlton.
- Presenter at the 42nd Benthic Ecology Meeting, March 2013, Savannah, GA, USA. Oral presentation entitled: “*Porites astreoides* larval response to acute hyposalinity stress”, authors: **Ana M. Gonzalez-Angel**, Sara Edge, Lisa Cohen, Ben Mason.

OUTREACH

- Volunteer in the Communications division of the organization, Clubes de Ciencia (Colombia) starting on 2020.
- Website manager for the Medina Lab 2014-2019.
- Volunteer in a “Skype a Scientist” session with Sevilla West School, Glendale, AZ, September 2019
- Volunteer with the Medina Lab, at the Corl Elementary School in State College, PA, March 2014 and February 2019.
- Volunteer in a “Skype a Scientist” session with Cale Elementary School Charlottesville, VA, September 2018
- Volunteer in a “Skype a Scientist” session with River Oaks Elementary School’s sixth grade class in Galt, CA, April 2018
- Volunteer and student leader at the Discovery Space outreach event “Investigate: Marine Biology”, State College, PA, June 2017 and June 2018.
- Volunteer at the “Ask a Scientist” booth at the Climate March, State College, PA, April 2017.
- Volunteer with the Graduate Student Association from the Department of Biology, Pennsylvania State University, at the Exploration-U event in State College, PA, March 2015.
- Volunteer with the Medina Lab at the 2014 EYH STEM Career Day for young women in State College, PA, February 2014.
- Volunteer with the Graduate Student Association from the Department of Biology, Pennsylvania State University, at the Exploration-U: Bellefonte Science Night, Bellefonte, PA November 2013.
- Volunteer with the Medina Lab at the local school in Bocas del Toro, Panama, September 2013.

LANGUAGES

I am fluent in Spanish (native speaker) and English.

I understand written and spoken Catalan, but have limited speaking ability.
