Name
Mohd Farhan Zafar
Email
farhan2642@gmail.com
Gender
Male
City, state, and country of residence
Aligarh, Uttar Pradesh, India
Nationality
India
When did or will you finish your PhD?
2019
University Education
M.Tech Industrial & Production Engineering A.M.U., Aligarh 2012 B.Tech in Mechanical Engineering A.M.U., Aligarh 2009
What are your reasons for applying to be a Science Corps fellow?
I am applying to Science Corps to use my knowledge of Mechanical and Manufacturing Engineering to develop technology and curriculum for developing skill sets in the students for making them ready for industry and further growth in their skill and knowledge.
In addition to your studies, describe any relevant experiences that have prepared you for a Science Corps fellowship.
I have developed the courses and curriculum for the different courses in the college in which I have been teaching and I am very passionate about the courses related to engineering that are helpful for the students to develop there skills.
Where do you imagine yourself professionally in the future? Check all that apply.
Academic scientist in academia In science education As far as possible from science/education

Expand on your selection above and describe where you imagine yourself professionally in the near (two year) and long-term (ten year) future.

I imagine myself as a researcher/ academic mentor to the undergraduate and post graduate students in the near future while for the long term I envision myself as a academic supervisor and scientist in the long run.
