

CURRICULUM VITAE

Personal Information:

Name: **Farhad Goodarzi**

Date of birth: July 1981

Address : Malaysia, Selangor, Serdang , UPM kolleg 12, KMR, No 526 .

Tel: +60176349004, +98 21 88693830

Mobile (Telegram and whatsapp): +989037621952

Email: fargoodarzi@gmail.com

Education:

- **September 1995 - June 1999:**
High school diploma in *physics and mathematics*, Muallem High school, Tehran, Iran.
- **December 2000 - September 2004:**
B.Sc. University of Buali Sina, Computer engineering (Software), Hamedan, Iran.
- **September 2004 – January 2007:**
M.Sc., Azad University of Qazvin, Mechatronics Engineering, GPA: 17.10/20, first rank in the entrance examination in 2005, Qazvin, Iran.

- **April 2008 – March 2010:**

About two years work and research in Photogrammetric Engineering at Leibniz Universität Hannover, Germany

- **April 2012 – January 2017:**

PhD in Multimedia systems engineering (automatic facial emotion recognition) from University Putra Malaysia (UPM).

Specific Qualifications:

- Experienced in working with Computer systems.
- Working with digital image processing systems and Computer vision.
- Working and familiar with various robotic systems such as sweeper robot, ping pong robot.
- Working and familiar with various mathematical softwares we confront in our research projects such as C, C++, Object Oriented Programming(OOP), FPGA, Opencv, Visual C++ versions 11.0 and 14.0, Mathematica, Matlab 2017.
- Familiar with MFC and QT C++,
- Experienced in working with Photogrammetric Softwares (ArcGIS, ArcView, Lisa-photo,Erdas).

Honors:

- Ranked 1st, in the in Entrance Examination of Masters degree in 2005 in Qazvin.
(Therefore I was honored and exempted from military service in Iran)
- Ranked 2nd among the entrance examination students of Mechatronics Engineering in Iran.

Research Experiences:

April 2005-to date:

Building a sweeper robot for international competitions in the Robotics lab of Mechanical Dept of Iran University of Science and Technology.

Working on building a Ping-Pong Robot in the Mechatronics research lab of Azad University of Qazvin. (Funded by MRL)

Designing software for automating the processing steps of a structured light and 3D reconstruction system by Microsoft visual c#. (Master's Thesis)

Working in developing Face Recognition and Face emotion recognition systems using Matlab, OpenCV and Visual C++ (Ph.D. work)

Reviewer at:

Journal of applied soft computing (ISI)

ICSIPA conferences (IEEE International Conference on Signal and Image Processing Applications)

Papers:

Farhad Goodarzi, Shahriar Shokouhi, Solving the Correspondence Problem and 3D Reconstruction for Coded Structured-Light System, IEEE The Sixth International Conference on Information, Communications and Signal Processing (ICICS 2007).

Farhad Goodarzi, M. Iqbal Saripan. Real time Face pose estimation using geometrical features. 2015 IEEE International Conference on Signal and Image Processing Applications (IEEE ICSIPA 2015). Kuala Lumpur, Malaysia.

Farhad Goodarzi, M. Iqbal Saripan, Mohd Hamiruce Marhaban, Fakhrul Zaman bin Rokhani. Mixed emotions in multiview face emotion recognition. 2017 IEEE International Conference on Signal and Image Processing Applications (IEEE ICSIPA 2017).

Farhad Goodarzi, M. Iqbal Saripan, Mohd Hamiruce Marhaban, Fakhrul Zaman bin Rokhani. Real time facial expression recognition in the presence of rotation and partial occlusions. Journal of Theoretical and Applied Information Technology (2018).

Farhad Goodarzi, M. Iqbal Saripan, Mohd Hamiruce Marhaban, Fakhrul Zaman bin Rokhani, Analysis of the effect of ethnicity, color and gender on multi view face emotion recognition, Journal of Software Engineering and Intelligent Systems (2019).

Work experience:

2006-2007:

Production manager Partonab Elec Co, Tehran Iran ,Automobile Rpm speed sensor manufacturing manager.

2007-2008:

Sales EngineerTima company (crowcon and Simtronics representative in Iran Tehran Gas Sensor sales and after-sales services and Sensor network implementations.

(www.crowcon.com, www.simtronics.eu)

2011-2012:

Sale engineer at Sense company specialized in power systems, Tehran, Iran.

2016-2017:

Teaching the Cambridge IGCSE at Ddiscover international school Kuala Lumpur, Malaysia.

Language Skills:

- Persian: Mother tongue
- English: Very good knowledge of speaking, reading and writing, (Toefl IBT 99/120)
- German: Good knowledge of Speaking, Reading, Writing
- French: Good knowledge speaking, writing, reading.

Hobbies and Interests:

- Reading books
- Web design
- Doing Sports
