What are your reasons for applying to be a Science Corps fellow?
I want to do something that can actually make a difference. And I am in situation that I need a carrier change right now.
In addition to your studies, describe any relevant experiences that have prepared you for a Science Corps fellowship.
I have been teaching for the last 7-8 years. I think that alone made me mingle and interact with different minds, culture, ethnicity and religion.
Where do you imagine yourself professionally in the future? Check all that apply.
Academic scientist in academia
Expand on your selection above and describe where you imagine yourself professionally in the near (two year) and long-term (ten year) future.

I wanna be in one of the high ranking institutions that will allow me to teach and at the same time provide me with research facilities so that I can keep myself with an up to date knowledge.
