

Apply for a Science Corps Fellowship - Entry #1949

Name
Rami Aboushadi
Email
j00961415@students.jsums.edu
Gender
Male
City, state, and country of residence
Oakland
Nationality
USA
When did or will you finish your PhD?
05/2023
University Education
- Jackson State University - Jackson-MS-USA PhD students "Computational Mathematics and Statistical Science". - Alcorn State University-Lorman-MS-USA Master of Science in applied science "Computer System and Network Technology" 05/2020 - Mansoura University - Egypt- Bachelor of Sociology and Statistics. 06/1999
What are your reasons for applying to be a Science Corps fellow?
- To gain experiences at professional levels. - To Help students to Gain STEM fundamental knowledge and develop their skills. - To help students develop their ideas through some projects.
In addition to your studies, describe any relevant experiences that have prepared you for a Science Corps fellowship.
IT knowledge and training
- Network:
Network fundamentals, WAN and LAN, IP addressing – OSI and TCP models and layers – Switches and Routers Connectivity and configuration – PuTTY SSH server – Spanning tree STP - BPDU “bridge protocol data unit”- VLAN – VTP “VLAN Trunk protocol”- Dot1Q – ISL “inter switch link” – Switch virtual interface - Port security – EtherChannel “load balancing” – Routing protocols “RIP – EIGRP- OSPF - BGP “–

Virtual links – DHCP – DHCP Snooping – DHCP with multi VLAN – Accesses list –

DNS “Domain Name System” – GRE – VPN- DMVPN – FTP Server.

- Computer and Network Equipment Maintenance:

Install Mother boards – install and updated “Hard drive – RAM – Audio – Video –

Monitors – Hard drive – Windows all versions including windows servers – firewalls - software.

- Cloud computing:

Concepts – Technology – Architecture – Service – Deployment Models – Installing and scaling virtual Machines vertical or horizontal - software – virtual machine network connectivity for windows and Linux.

- Data Analyst, Machine learning, Data visualization.

Python and MATLAB

- Database

MySQL, MongoDB

- Threat intelligence and haunting

Completed IBM Course includes (Attack framework – Cyber security – Data breaches –

Healthcare Security – IBM i2 - Phishing – Threat haunting – threat intelligence – threat landscape – x-force exchange).

Where do you imagine yourself professionally in the future? Check all that apply.

Academic scientist in academia

In science education

Expand on your selection above and describe where you imagine yourself professionally in the near (two year) and long-term (ten year) future.

-Data Science professor.

-Academic researchers.
