

Rekha Tamatam

Enthusiastic Learner and an Active Researcher

Incheon, South Korea 21912

rekhatamatam@gmail.com

821067909061

Willing to relocate: Anywhere

Work Experience

Assistant Professor

College of Pharmacy, Gachon University, Incheon - Incheon, South Korea

April 2021 to Present

Field of research: PROTACS, Organic Synthesis, Medicinal Chemistry

Teaching Assistant

Sri Venkateswara University - Andhra Pradesh

January 2014 to October 2019

Worked as Teaching Assistant- M.Sc. Organic Chemistry in Sri Venkateswara University (2014-2019).

Assistant Professor

Priyadarshini Engineering College - Andhra Pradesh

August 2012 to January 2014

Worked as Assistant Professor in Priyadarshini Engineering College, Tirupati (2012-2014).

Education

Ph.D. in Organic Chemistry

Sri Venkateswara University - Andhra Pradesh, India

October 2015 to October 2019

M.Phil in Organic Chemistry

Sri Venkateswara University - Andhra Pradesh

January 2014 to October 2015

M.Sc. in Medicinal Chemistry

Sri Venkateswara University - Andhra Pradesh

August 2010 to April 2012

B.Sc. in Chemistry, Bio-technology, Botany

Vijayam Degree College - Andhra Pradesh

August 2007 to April 2010

Skills

- Maintenance
- Leadership
- Microsoft Office
- Communication skills
- Administrative experience
- Organisational skills

Languages

- English - Fluent
- Telugu - Expert
- Hindi - Intermediate
- Korean - Beginner

Awards

Senior Research Fellowship

December 2017

University Grants Commission awarded Senior Research Fellowship from December 2017 to October 2019 under the scheme UGC-BSR Research Fellowship in Sciences for Meritorious Students (RFSMS).

Junior Research Fellowship

December 2015

University Grants Commission awarded Junior Research Fellowship from December 2015 to November 2017 under the scheme UGC-BSR Research Fellowship in Sciences for Meritorious Students (RFSMS).

State Eligibility Test for Assistant Professor/Lectureship

August 2015

Qualified State Eligibility Test Conducted by A.P. & Telangana for Assistant Professor/Lectureship APSET-2014.

1st Rank holder

August 2013

1st rank in SVURESET-2013 combined entrance examination for admission into M.Phil/Ph.D. Programme conducted by S. V. University.

2nd Rank Holder

August 2012

University 2nd rank in M.Sc. Medicinal Chemistry, S. V. University.

Certifications and Licenses

Quality Control Chemist

October 2016 to December 2016

Successfully completed National Skill Development Corporation (NSDC) Training Programme in Quality Control Chemist (QP No.-FS/Q1301) from Oct-Dec, 2016.

Publications

Synthesis, Antimicrobial and Antioxidant Activities of Pyrimidinyl Benzothiazine Carboxamides

<https://doi.org/10.1002/slct.201900525>

June 2019

Authors: T. Rekha, P. Siva Sankar, G. V Zyryanov, G. Sravya, N. Bakthavatchala Reddy, V. Kamala Prasad, A. Padmaja, V. Padmavathi,

Synthesis, Molecular Properties Prediction and Antimicrobial Activity of Imidazolyl Schiff Bases, Triazoles and Azetidinones

<https://doi.org/10.1002/cbdv.201900073>

April 2019

Authors: T. Rekha, U. Nagarjuna, A. Padmaja, V. Padmavathi

Synthesis, cytotoxic and antioxidant activities of azolyl benzothiazine carboxamides

<https://doi.org/10.1007/s11164-019-03778-4>

February 2019

Authors: P. Siva Sankar, T. Rekha, A. Padmaja, V. Padmavathi, N. Siva Krishna, P. Kondaiah

Synthesis and Antibacterial Activity of Benzazolyl Azolyl Sulfamoyl Acetamides

<https://doi.org/10.1002/jhet.3634>

August 2019

Authors: T. Rajeswari, T. Rekha, G. Dinneswara Reddy, A. Padmaja, V. Padmavathi

Synthesis of Carboxamide and Sulfonyl Carboxamide Linked Azoles under Green Conditions

<https://doi.org/10.1063/5.0018630>

October 2020

Authors: G. Lakshmi Teja, T. Rekha, G. Sravya, V. Padmavathi

Synthesis of some new pyrrolyl dipyrazoles and pyrrolyl pyrazolyl isoxazoles and biological evaluation as antioxidants

<https://doi.org/10.1007/s11164-018-3393-1>

July 2018

Authors: U. Nagarjuna, T. Rekha, T. Sreenivasulu, V. Padmavathi, A. Padmaja

Synthesis and antimicrobial activity of bis(azolyl)quinazoline-2,4-diamines

<https://doi.org/10.1007/s00706-017-1981-1>

July 2017

Authors: T. Rekha, S. Durgamma, A. Padmaja, V. Padmavathi

Synthesis and antimicrobial activity of pyrimidinyl bis(benzazoles)

<https://doi.org/10.1007/s00044-016-1758-9>

December 2016

Authors: D. Seenaiiah, T. Rekha, A. Padmaja, V. Padmavathi

Molecular properties prediction, synthesis, and antimicrobial activity of bis(azolyl)sulfonamidoacetamides

<https://doi.org/10.1002/ardp.202000483>

May 2021

Authors: P. Siva Sankar, K. Narendra Babu, T. Rekha, A. Padmaja, V. Padmavathi

Synthesis and Antimicrobial Activity of Azolyl Pyrimidinyl Acetamides

<https://doi.org/10.1080/10406638.2021.1936084>

June 2021

Authors: N. Hussain Basha, T. Rekha, G. Dinneswara Reddy, A. Padmaja, V. Padmavathi

Emerging Strategies in Proteolysis-Targeting Chimeras (PROTACs): Highlights from 2022

<https://doi.org/10.3390/ijms24065190>

March 2023

Authors: Rekha Tamatam, Dongyun Shin

Asymmetric Synthesis of US-FDA Approved Drugs over Five Years (2016-2020): A Recapitulation of Chirality

<https://doi.org/10.3390/ph16030339>

February 2023

Authors: Rekha Tamatam, Dongyun Shin

Transition-metal-catalyzed synthesis of quinazolines: A review

<https://doi.org/10.3389/fchem.2023.1140562>

March 2023

Authors: Rekha Tamatam, Seok-Ho Kim, Dongyn Shin
