Academic Credentials

March 05, 2019: B.Sc. in Biomedical Engineering; Khulna University of Engineering & Technology (KUET), CGPA: 3.63 (out of 4.00) [76.60 percent marks] [*US equivalent GPA-3.849*]

Work Experiences

Graduate Fellow: Bangladesh Reference Institute for Chemical Measurements (BRiCM), Ministry of Science and Technology, Government of the People's Republic of Bangladesh.

Duration: November 16, 2021-present (Full Time)

Responsibilities:

- Development of a laboratory standard integrated data logging system
- Qualitative and quantitative analysis of compound using GC-MS method
- Quantitative analysis of chemical & pharmaceutical drugs using HPLC method.

Internship 01: DMFR Molecular Lab and Diagnostics- familiarization with medical and biomolecular equipment, PCR technique, histopathology, and biosafety level 2 and 3. Duration: One month.

Internship 02: EW Villa Medica, Bangladesh- To get acquainted with the functions and principles of regenerative medicine, drug delivery, and cell & hormonal therapy instruments. Duration: One month

Honors, and Achievements

- Graduate Research Fellowship on a competitive from Ministry of Science and Technology, Bangladesh.
- Technical Scholarship from Khulna University of Engineering & Technology (Four years in succession for maintaining top 25% CGPA in the Department)

Research Publication ([Google Scholar](#))

Publication 01: **Adhikary, P.**, Mahmud, M.A., Solaiman, Tahsin, Wang, Z.L. (2022). Recent Advances on Biomechanical Motion Driven Triboelectric Nanogenerator for Drug Delivery. Nano Today, 45, 101513. (**IF: 20.72**)

Publication 02: Mahmud, M. A., **Adhikary, P.**, Zolfagharian, A., Adams, S., Kaynak, A., & Kouzani, A. Z. (2022). Advanced Design, Fabrication, and Applications of 3D-Printable Piezoelectric Nanogenerators. Electronic Materials Letters,1-16. (**IF: 3.017**)

Publication 03: Mahmud, M. P., Tat, T., Xiao, X., **Adhikary, P.**, & Chen, J. (2021). Advances in 4D-printed physiological monitoring sensors. In Exploration (p. 210033).

Publication 04: **Adhikary, P.**, Arifuzzaman, M., & Kabir, E. (2020). Compressive properties of expanded perlite-based particulate composite for the application in building insulation Board. J. eng. adv, 1(1), 01-05

Research Interest

To me, fabricating a Micro/Nano-device that can hardly be seen by the naked eye, yet still working precisely is always fascinating. Similarly, the design and modeling of artificial organs using biomaterial and tissue engineering approaches enthralled me equally. Being a Biomedical Engineer, I am passionate about cutting-edge research in the field of biomaterials, biosensors, and nanofabrication.

Standardize Test Score

Graduate Record Examination	Quantitative Analysis	Verbal Reasoning	Analytical Writing
Overall Score: 310	=159 (64 percentile)	=151(48 percentile)	=3.0 (13 percentile)

Computer Skills

Basic: SQL, Assembly (Intel 8086)
Intermediate: CSS, MATLAB, SOLIDWORKS, ABAQUS, AUTOCAD
Advanced: C programming, Python, HTML
Miscellaneous: Windows, Office Applications, WordPress

Language Proficiency

Bengali: Native
English: Fluent, IELTS scores: Overall 6.5 (L-7; R-7; W-6; S-6). Test Date:17th July 2021.
French: Intermediate level (Listening, Reading, Writing, and Speaking)
Hindi: Fluent (Listening and Speaking)

Qualities

Personal skills: Good communication skills, excellent team working skills, capable of working under pressure and meeting deadlines, strong analytical & problem-solving skills, eager to learn and develop new skills.

Miscellaneous: Universal Testing Machine operation, BIOPAC data collection module, 6 years teaching experience at the secondary and higher secondary level, 3 years teaching experience at 'O' level and 'A' level.

Extracurricular activities, awards, and achievement

- Treasurer of Bioinformatics & Artificial Intelligence Club of KUET (BAICK)
- Executive member at Organization of KUET Sports (OKS)
- Inter Hall Cricket's Man of the Tournament Award (2019)
- Inter Hall Cricket Tournament Championship Award (2017)
