What are your reasons for applying to be a Science Corps fellow?

I come from Sub-Saharan Africa and I believe that we who have graduated in western universities must give back to indigenous communities. For me, this is an opportunity to fulfil this duty.

In addition to your studies, describe any relevant experiences that have prepared you for a Science Corps fellowship.

I have in a few countries with different levels of endowment. In addition, in 2014, I took part in the "Young African Leadership Initiative" program.

Where do you imagine yourself professionally in the future? Check all that apply.

Doing science in industry

In science outreach

Expand on your selection above and describe where you imagine yourself professionally in the near (two year) and long-term (ten year) future.

I hope I will be working in a Research & Development team dedicated to scale up agricultural innovations.
