What are your reasons for applying to be a Science Corps fellow?
I am passionate about teaching in integrated STEM education and I also want to expand my experience in teaching.
In addition to your studies, describe any relevant experiences that have prepared you for a Science Corps fellowship.
I have 8 years of experience teaching in a high school in Saudi Arabia.
Where do you imagine yourself professionally in the future? Check all that apply.

Academic scientist in academia

Administrative role in industry or academia

Expand on your selection above and describe where you imagine yourself professionally in the near (two year) and long-term (ten year) future.

I two years, I imagine that I will have more experience in teaching integrated STEM for students and train teachers to do so. I will have the ability to prepare STEM teacher who are willing to apply the approach of integrated STEM in their classes. In ten years, I imagine that I will have experience in both teaching and conducting research in integrated STEM education. This may help me take appropriate decisions and improve learning process for STEM educational organizations.
