📍 Berlin, Germany 📅 08 Dec 1994 🇮🇹 Italian 🌐 /emanuele-piemontese
🚗 AM, A1, B

Profile

An open-minded scientist trained in chemistry, biochemistry and pharmaceutical sciences. Five years of laboratory experience doing research, performing experiments and expanding minds. Soon to end the Ph.D. experience. I am offering skills, team-play, curiosity and integrity, and I am highly motivated to improve the world starting from the base. I'm looking for a way to pass on the knowledge I received.

Education

May 2019 – present Berlin, Germany	Ph.D. - Bioorganic Chemistry <i>Humboldt-Universität zu Berlin</i> Thesis: "Phosphopeptides as tools to probe the recognition of the RNA-Polymerase II C-Terminal domain by phospho-specific antibodies" Theoretical and practical research on the subject, from a chemical synthesis point of view to the biochemistry and the structural biology one. Supervisors: Prof. Dr. O. Seitz / SynPepBio (RTG 2473/1)
Sep 2013 – Feb 2019 Firenze, Italy	Integrated Master Degree (MSc) - Pharmaceutical Chemistry and Technology <i>Università degli Studi di Firenze</i> - Analytical, physical and synthetic chemistry - Development and analysis of advanced pharmaceuticals - Pharmacology, microbiology and pathology - Biochemistry Thesis: "Immobilization of MUC1 tandem-repeat glycopeptides for pull-down assays" Supervisors: prof. Claudia Bello and prof. Paolo Rovero Final grade: 110/110
Jan 2017 – May 2017 Kuopio, Finland	Erasmus+ for Study <i>University of Eastern Finland - Itä-Suomen yliopisto</i> Department of Pharmacy. Courses: pharmaceutical biotechnology, pharmacology, organic Synthesis

Professional Experience

May 2019 – May 2023 Berlin, Germany	Scientific Assistant (Ph.D. Work) <i>Humboldt-Universität zu Berlin</i> - Research and experiment planning. - Lab work: chemical synthesis, analytical chemistry and biochemical assays. - Lab management. - Supervision of students and practical courses. - Presentation of the results in various forms.
Oct 2017 – Jan 2018 Firenze, Italy	Pharmaceutical assistant <i>Farmacia Selva</i> University internship (375 hours) Counter service, storage room's logistics and galenic preparations.

Languages

English

Italian

IELTS

German

Soft Skills

- Critical-thinking
- Curiosity
- Problem-solving
- Integrity
- Cultural awareness
- Multi-level communication

Hard Skills

Office Suite | Research and data management | Graphic (Adobe and CorelDraw)

Music producing | Video Editing | Machine maintenance

Chemistry/Biology related softwares (MestreNova, ChemDraw, Empower, Origin, Prism)

Interests

- Gardening
- (Scientific) reading
- Baking/Fermentation
- Music
- Podcasting
- Getting informed

Publications

- 2022 **Dissecting the role of protein phosphorylation: a chemical biology toolbox** [🔗](#)
Chemical Society Reviews
PTMs, phosphorylation on peptides and proteins, chemical biology, (semi-)synthesis.
- 2022 **Enhancing Auxiliary-Mediated Native Chemical Ligation at Challenging Junctions with Pyridine Scaffolds** [🔗](#)
Chemistry: A European Journal
Native chemical ligation, protein and peptides synthesis, phosphopeptides, organic synthesis.
- 2023 **Chemoenzymatic Synthesis of Glycopeptides to Explore the Role of Mucin 1 Glycosylation in Cell Adhesion** [🔗](#)
ChemBioChem
Mucins, peptide synthesis, PTMs (glycosylations), NMR spectroscopy, cell adhesion and cancer.

Certificates

- GMP Basic Course
- Good Scientific Practice
- Professional Habilitation Pharmacist (State Exam)

Organizations

- Apr 2020 – May 2021
Berlin, Germany
- TEDxHU Berlin** [🔗](#)
Main Curator
Volunteer Work for the organisation of the Event „AI: A Tough Love“. Main curator of the event and speaker selection

Conferences and Meetings

Aug 2023 Jena, Germany	German Peptide Symposium <i>16th Meeting</i> Poster Presentation
Aug 2021 Basel, Switzerland	Peptide Therapeutic Forum Oral contribution, online attendance
Jun 2019 Berlin, Germany	Chemical Protein Synthesis <i>8th Meeting</i>
Aug 2016 London, United Kingdom	London International Youth Science Forum (LIYSF)  <i>58th Edition</i> Almost 500 young scientists from 75 different countries gathered at the Imperial College to share ideas and attend talks from world-class scientists.

Networks and Memberships

May 2019 – present Berlin, Germany	SynPepBio  <i>DFG RTG2473</i> My doctorate is part of the graduate school SynPepBio, founded by the Deutsche Forschungsgemeinschaft (DFG). The graduate school organizes a meeting every 3 months with talks about several themes related to peptide science. These events allow the students to network with each other and other important figures of the academic and industry world. Moreover, we have the chance to form tight scientific collaborations.
Mar 2019 – present Italy	Italian Peptide Society  <i>ItPS Young Scientists Subgroup</i>
