

Seré Williams

Fort Collins, CO | sere.a.willams@gmail.com | 303-550-4375

PURPOSE	To inspire and empower the next generation to practice science in their daily lives.	
TEACHING	Colorado College Visiting Professor, Introduction to Microbiology	Spring 2023
	Colorado State University Invited Lecturer, Advanced Microbiological Research Methods	Fall 2021-2022
	Graduate Teaching Assistant	
	• BC 565 Graduate Molecular Genetics	Spring 2020
	• BC 563 Molecular Regulation of Cell Function	Fall 2019
	• BZ 350 Molecular Genetics	Spring 2018
	• LIFE 102 Principles of Biology Laboratory	Fall 2017
MENTORING	Mentored nine undergraduate researchers during my PhD Awards received by mentees under my tutelage: Community of Practice Award, \$2,500 Prof. Parviz Azari Fellowship, \$2,000 High Honors at CSU Undergraduate Research Symposium (x4) Cell and Molecular Biology Peer Mentor Program, co-lead	
SCIENCE COMMUNICATION & OUTREACH	Science on Tap , host The SOURCE , contributor KUNC , contributor AAAS Mass Media Fellow Blevins Elementary Science Fair, judge Fossil Ridge High School Science Olympiad, coach Colorado Science and Engineering Fair, captain and judge	
EDUCATION	Colorado State University Ph.D. in Cell and Molecular Biology, GPA 3.96 Topic: Energetic Transactions at the Limits of Life	2024
	M.S. in Cell and Molecular Biology Topic: Drought Stress Response in Rice	2017-2019
TEACHING EDUCATION	The Institute for Learning and Teaching Workshop Series Level 1 Effective Teaching: Classroom Climate, Learner-Centered Syllabi Level 2 Teaching Squares: Active Learning, Student Motivation, Growth Mindset	2019-2020
