About Me

I am a molecular biologist by training, with a broad interest in science and its real-world applications. I would like to use the expertise I have acquired to make a positive contribution to society, especially in light of the pressing challenges humanity is currently facing. Outside of the lab I enjoy reading a bit of everything (from 19th-20th century classics to the latest sci-fi novels) and doing sports (gym, running, skiing, ice hockey). I am also an avid scuba diver and a dogless dog lover.

Work Experience

Aug, 2021 – present **PhD Student** ETH Zürich, CH
Working to improve the resilience of plants to environmental stresses through the manipulation of plant transpiration and carbon metabolism. PhD project supervised by Dr Diana Santelia.

Education

2019 – 2021 **M.Sc. in Plant Science**
University of Milan, IT & University Grenoble Alpes, FR

2015 – 2018 **B.Sc. in Biological Sciences**
University of Bologna, IT

2008 – 2013 **High School Diploma**
Liceo Scientifico “E. Fermi”, Bologna, IT

Publications

2024 **Starch metabolism in guard cells: At the intersection of environmental stimuli and stomatal movement**
Trang Dang; Lucia Piro, Carlo Pasini, Diana Santelia
Plant Physiology

2023 **Effective root responses to salinity stress include maintained cell expansion and carbon allocation**
Hongfei Li, Kilian Duijts, Carlo Pasini, Joyce E. van Santen, Jasper Lamers, Thijs de Zeeuw, Francel Verstappen, Nan Wang, Samuel C. Zeeman, Diana Santelia, Yanxia Zhang, Christa Testerink
New Phytologist

Extra-Curricular Activities

2011 – 2016 **Assistant Coach** Hockey Ghiaccio Bologna 1982
Help coaching the junior team (kids aged 8-14) of the Bologna ice hockey club

2024 **Plantae Fellow** ASPB
Help create content (interviews, articles, research summaries) for the blog of the American Society of Plant Biologists.

2024 – present **Vice President** Telejob
Oversee the association's operations and organize events that connect academia with industry for the ETH community.
