

Apply to be a Science Corps Fellow - Entry #3382

Name
TAHIR ABDULRAHMAN
Email
yatahir2301@gmail.com
Gender
Male
Residence: City (State), Country
Nasarawa state
Nationality
NIGERIA
When did you or do you expect to complete your PhD?
Completed 2024
Please tell us briefly about your university education (institution, city, country, year)
I studied at ABU Zaria, Kaduna State (Ph.D., 2024) and FUT, Minna, Niger state (M.Eng.,2012 And B.Eng., 2006).
Why would you like to be a Science Corps Fellow?
I want to be a Science Corps Fellow to apply my research in neem oil-based nanofluids toward real-world education and innovation. The fellowship offers a platform to transform sustainable manufacturing ideas into hands-on learning for students and teachers in developing regions. My goal is to build local capacity, promote eco-friendly machining, and inspire the next generation of engineers through practical, community-focused science education. Science Corps aligns perfectly with my passion for using science to create lasting, meaningful impact.
In addition to your studies, please describe any prior experience that may help you as a Science Corps Fellow.
I am a Sustainable Engineering Ph.D. specializing in Green Tribology and Nanomaterials, with proven expertise in optimizing neem-based nano CuO cutting fluids. My mission is to drive import substitution by translating advanced research into resilient, high-impact sustainable manufacturing solutions tailored for implementation at institutions like UEW and KNUST.
Where do you imagine yourself professionally in the future? Check all that apply.
Administrative role in industry or academia

Please expand on your selection above and describe where you imagine yourself professionally in the near (~2 year) and long-term (~10 year) future.

I imagine myself in an Academic Administrative Role—specifically, as a Director of Research & Innovation or Head of a Department focused on Sustainable Engineering at an institution like KNUST or UEW.

Please upload your CV (.pdf)
